There may be more history courses that have available spots in them when your registration period begins, but these are the ones I have specifically saved space in for incoming transfer students. It is *highly* recommended that you only enroll in 12 units during your first quarter at UCSB, to ensure a smooth transition (especially now that our courses are online!). After your first quarter, you can move up to 16 units.

*Do *not* enroll in any upper division history course that has the letter “R” after it. These are research seminars, and are not meant to be taken during your first quarter.

Senior Honors Thesis

Eligible students have the opportunity to apply at the end of their Junior year (your first year). In this [program](#), you will have to opportunity to write a historical thesis paper on a topic of your choosing, under the guidance of a UCSB History Faculty member. Applicants must have:

- An upper division major GPA of 3.5 or higher
 - Completed at least 4 upper division history courses
 - A faculty mentor willing to work with you who has approved your topic
- 

New Majors Meeting

At this meeting you will be able to meet your future professors and classmates, listen to an impressive history faculty panel speak, and hear about all the amazing opportunities the UCSB History Department has to offer. The department highly recommends you attend this meeting if you are able to.

This meeting will likely be offered over Zoom in the days before fall quarter begins, so be on the lookout for more information from me via the history major listserv.

One-on-One Advising for Fall 20 Registration

After this session, I will send you a link to book a 25 minute one-on-one advising session with me. At this session, we will review your community college transcripts, and see which major requirements you have already completed. I will also help you decide which courses you can/should enroll in for fall quarter, and which courses to avoid.

To get the most out of your one-on-one session, please send a copy of your unofficial transcripts to ccarpenter@hfa.ucsb.edu well before our meeting, so that I can review them ahead of time. You can book any available time, but make sure it is before your registration period for fall.
